- BOB SIEVWRIGHT / FOUNDER & OWNER

Founded in New Zealand in 1981, Trimax has grown from a modest workshop into a global business with facilities around the world. Today many of our mowers destined for United Kingdom and European turf are manufactured locally at our factory in Northampton, England. Our global headquarters is still located where we began in Tauranga, New Zealand.

We are renowned for designing and manufacturing mowing systems which produce a high-quality cut, finish, and spread - but what we value most is the reputation we have earned for providing unmatched local support and service.

STRIKER FOR HULL KINGSTON ROVERS.

THE CUSTOMER.

Hull Kingston Rovers are a professional rugby league club in the Super League.

They have won five league championships and one Challenge Cup.

Anthony Brockwell is the Head Groundsman for Hull Kingston Rovers at Craven Park.

THE NEED.

Hull Kingston Rovers needed:

- › The ability to consistently deliver a high-performance cut and finish on premium turf
- › Low cost of ownership to allow budget to be used in other pitch maintenance projects

THE VALUE.

Trimax delivers:

- › Reliable mowers with low maintenance requirements and industry-leading uptime
- › Low cost of ownership
- › Superior cut and finish on fine turf

THE RESULT.

Here's what Anthony says about Trimax:

"After booking a demonstration, Trimax came onsite and talked us through the Striker rotary mower. They left the machine with us, so we were able to get hold of the unit and really test it. Over the weekend of having it, it was a no brainer to use Trimax. It was a fantastic machine for what we needed it to do! We can now put that extra £1,200 that we would have spent on cylinder maintenance back into the pitch."

SNAKE FOR COTTINGHAM PARK GOLF & LEISURE CLUB.

THE CUSTOMER.

Cottingham Park Golf & Leisure Club is situated in Yorkshire, U.K.

Established in 1994, it started out as an 18-hole golf course, but soon expanded to include holiday lodges, restaurant facilities, a health club, a gym, an equestrian section and a driving range. The 2008 acquisition of the neighbouring Skidby Lakes golf course made Cottingham Park a 36-hole facility.

John Wiles is the Course Manager and a Cottingham Park Company Director.

THE NEED.

Cottingham Park Golf and Leisure Club needed:

- › The ability to mow over difficult terrain without scalping
- › A versatile and reliable machine with minimal downtime
- › Excellent aftersales support and service

THE VALUE.

Trimax delivers:

- › Full-width rollers to produce an excellent striping effect and protect against scalping
- › Independently articulating cutting decks to easily mow over contours
- › An industry-leading 3-year warranty and local parts and service support

THE RESULT.

Here's what John says about Trimax:

"This is a very simple design, very well built. It just keeps out there cutting grass."

"In winter and autumn, when we stop using the cylinder mowers on the fairways we use the Snake to reduce the height of cut down to 20mm and we can still prepare and present the fairways, stripe and roll them over and top them down to a manageable level."

PROCUT FOR MOUNT KELLY.

THE CUSTOMER.

Mount Kelly in Tavistock, UK is a private, independent co-educational boarding school.

It sits on 140 acres of tendered and manicured school grounds and sports fields. Matt Stevens is the Head of Grounds Staff at Mount Kelly, and Bobby Skelton is the Sports Director.

THE NEED.

Mount Kelly needed:

- To maintain the appearance and health of grass on the pitches and fields to provide excellent quality playing surfaces
- Equipment with low maintenance requirements to save time and labour
- Machinery that is easy and intuitive to operate while still achieving premium results

THE VALUE.

Trimax delivers:

- Low cost of ownership
- Full-width rollers capable of producing striping while minimising ground disruption
- Simple cut height adjustment that can be done while in the field
- Design considerations for easy cleaning and maintenance access

THE RESULT.

Here's what Matt says about Trimax:

"The efficiency of the mower is excellent! Being wider than others I can cover more ground, saving time and fuel. Also the turn around time has been cut from previous attachments as the Procut is so easy to take on and off the tractor."

"It has improved the look of our pitches by a great amount. This is what I am most impressed by as it is the most important factor. The quality of cut that the Procut gives is outstanding. I haven't ever seen a mower that you can cut slightly longer grass than normal even in the rain and it doesn't drop a single bit of grass clippings and gives an excellent finish to the surface."

Here's what Bobby says about Trimax:

"The new mower has made a huge impact on keeping our large playing fields in excellent condition, a particular challenge at this time of year when lots of Cricket is being played and the grass is growing at its fastest. The new mower has allowed us to meet this challenge and our pitches look spectacular."

FLAILDEK FOR MARK ELEY GROUND MAINTENANCE.

THE CUSTOMER.

Mark Eley has been the owner and operator of **Mark Eley Ground Maintenance** since 2002.

Based in Neath, South Wales, he works across southern Wales and neighbouring areas of the UK.

THE NEED.

Mark Eley Grounds Maintenance needed:

- Maximum reliability and minimal downtime in full-time commercial operations
- The versatility to cut fine turf in village commons and long grass in verges and parks
- Low cost of ownership and a quick return on investment

THE VALUE.

Trimax delivers:

- Easy service and maintenance
- Inexpensive spare parts that are readily and locally available
- Maximum versatility with Trimax's unique converter to deliver an excellent finish on both long and short grass
- Able to fit on a compact tractor to fit in tight spaces

THE RESULT.

Here's what Mark says about Trimax:

"They've never met their match. Whatever I put them into they handle. I'm always impressed with how good they are. These mowers never clog, even when cutting long grass in wet weather. They always leave a superb finish."

"They are bombproof and will handle anything. They're well made, easy to operate and easy to service. There's nothing to match the Trimax machines. As I like to say 'The colour is red. The future is Trimax!'"

**FAST BECOMING
THE MOWER OF
CHOICE AMONGST
GROUNDSMEN.**

TRIMAX STRIKER

Trimax STRIKER is a multi-spindled rotary mower with extremely low maintenance requirements and is ideal for use on compact tractors.

The Trimax Striker is designed to give a high cut quality and an excellent spread of clippings. Highly versatile, the Striker is capable of mowing grass 10 to 100mm. With an enclosed cutting chamber and a downward rear dispersion of clippings, the Striker has surpassed international safety standards making it one of the safest mowers on the market for use in public spaces.

Fitted with Trimax's exclusive LazerBladez™, the Striker can produce a cut and finish to rival that of a cylinder mower and is ideal for educational and sports facilities where presentation is key!

WHAT'S NEW ON STRIKER

The Striker was originally designed as a compact solution for sports turf, especially for grounds maintenance for local football and cricket clubs. It features a simpler pan construction than the ProCut and includes maintenance-free ball bearing spindles.

PRODUCT FEATURES.

LOW COST OF OWNERSHIP

With only 4 grease points on the mower and with robust sealed spindles, the Trimax Striker has incredibly low maintenance requirements.

LAZERBLADEZ™

Available in uplift and flat formation to suit mowing requirements, the unique tilt forward design minimises hang back in tough conditions.

STRIPING CAPABLE

Fitted with full width front and rear rollers, the Striker can produce striped patterned turf for those spaces where presentation is key.

SAFETY FOR PUBLIC PLACES

Striker exceeds international safety standards, and can be used with confidence in public spaces, school sports fields and confined areas.

ADVANCED ENGINEERING

Trimax's meticulous design process combined with bespoke, innovative manufacturing technologies produce the most accurate rotary cutting in the market.

COMPACT TRACTOR SUITABLE

Able to be paired with tractors as low as 25hp, the Striker is perfect for smaller budgets and compact tractors.

INDUSTRY LEADING WARRANTY

3
YEAR

INCLUDES SPINDLES & GEARBOXES
EXPERIENCED SERVICE & SUPPORT NETWORK
* T & Cs APPLY

PRODUCT FEATURES.

TITAN ROLLER BEARING SYSTEM
The Trimax Titan roller bearing system is maintenance-free, requiring no regular greasing, and provides excellent retention.

AUTOMATIC BELT TENSIONING
Removes the need for belt adjustments and improves drive to the spindles and blades.

LAZERBLADEZ™
Available in uplift and flat formation to suit mowing requirements, the unique tilt forward design minimises hang back in tough conditions.

LOW MAINTENANCE
Zero daily maintenance. Spindles, roller bearings and auto-belt tensioning are maintenance-free.

STEAFAST SEALED SPINDLES
We've eliminated the tedious task of regular greasing. Covered by our 3-year warranty, maintenance costs are reduced, and productivity is enhanced.

BELT CAVITY DUAL WASH FLAPS
Provides easy access for removal of grass and drainage of water from belt chamber.

PRECISE HEIGHT ADJUSTMENT
Clearly displayed indicators in both metric and imperial units and a high-tensile 2mm pitch adjuster for precise cut height alterations.

FULL WIDTH ROLLERS
Full width rollers minimise scalping in undulating conditions and allow mowing over kerbsides and bunkers. Also aids in striping.

ACCURATE SPINDLE SETTING TECHNOLOGY
Spindle height is perfectly aligned providing the most accurate cut possible.

STAND ON COVERS
Enables safe and easy access to the rear of the tractor when coupling the mower. Quick release latches allow easy removal for cleaning and servicing.

*OPTIONAL FEATURES.

- ✓ **ANTI-BOUNCE / WEAR SKIDS**
Eliminates scalping and bouncing and reduces side channel wear.
- ✓ **ROLLER SCRAPERS**
Cleans rollers and reduces clumping in wet conditions.
- ✓ **LIGHTING KIT WITH STORAGE BRACKET**
LED road lights, safety triangle, and bracket for storage box.
- ✓ **STORAGE BOX**
Easy access to spare parts and tools.
- ✓ **FRONT MOUNT**
Convenient visibility. Only for tractors with front PTO drive.
- ✓ **QUATTRO BLADES**
Four blades (flat, upturned or mixed) per spindle for a finer cut.
- ✓ **NEXABLADES**
Scientifically designed for high-end turf giving a superior cut and spread when it matters most.
- ✓ **SERVICE KIT**
Full set of blades, bolts and belts for a quick routine service.

TRIMAX PROCUT//S5 FM

**TAKES A Paddock
TO HIGH LEVELS OF
PRESENTATION.**

TRIMAX PROCUT//S5 FM

The front mounted version of the ever-popular rear linkage Trimax PROCUT.

The Trimax ProCut FM is a robust machine engineered to withstand everyday use in the toughest commercial environments yet will deliver a clean cut – every time. In operation, the front-mounted ProCut Series 5 rides on the ground on its front wheels and rear roller. The front castor wheels and rear roller follow ground contours allowing easy manoeuvrability and prevent scalping. With out-front mowing the need for the operator to look behind is reduced and the tractor wheels do not flatten the uncut grass.

TRIMAX STEALTH/S3

**MARKET LEADING
CUT, FINISH AND
VERSATILITY.**

TRIMAX STEALTH/S3

The STEALTH SERIES 3 has been designed to give a higher quality of cut, operate in a wider range of conditions, be safer, more robust, easier to operate and take less time to maintain than any previous STEALTH.

Backed by 30 years' of experience in market, the concept of Stealth Series 3 was born from the demand of our Australian customers for a mower that was more versatile in terms of long grass performance and more user friendly for both the operator and the workshop.

Backed by our industry leading 3-year warranty and our parts and technical support team, we know the Stealth Series 3 to be the best linkage wing mower for passive and active turf in the market.

WHAT'S NEW ON STEALTH/S3

We've reduced the need for greasing through the introduction of new features such as SteadFast maintenance-free spindles and composite maintenance-free bushes. Stealth wing locks can now be operated from inside the tractor cab. Modifications have been made to the cutting chamber and the baffle design for improved cut quality and easy cleaning.

PRODUCT FEATURES.

LOCTEK

A stubless roller bearing system for vastly improved roller retention, alignment, bearing life and minimal maintenance.

GREATER MOWING VERSATILITY

The improved cutting chamber and baffle design directs airflow from the blades out and over the rear roller for a better cut and spread.

BELT CAVITY DUAL WASH FLAPS

Provides easy access for removal of grass and drainage of water from belt cavity.

LOW MAINTENANCE

Reduced greasing requirements mean operators can spend more time mowing and less on maintenance.

EASY TO CLEAN

The improved belt chamber design results in easy cleaning, with the front openings allowing any grass to be easily washed out or removed.

ANTI-WEAR SKIDS

Anti-wear skids reduce wear on side channels when operating in rough or uneven terrain.

LAZERBLADEZ™

Available in up-lift and flat formation to suit mowing requirements, the unique tilt forward design minimises hang back in tough conditions.

EASY HEIGHT ADJUSTMENT

Clearly displayed stainless steel height indicators allow the easy adjustment of cut heights without having to raise or lower the wings and deck.

STAND ON COVERS

Enables safe and easy access to the rear of the tractor when coupling to the mower. Quick release latches allow easy removal for cleaning and servicing.

*OPTIONAL FEATURES.

✓ ELECTRIC UNLOCK

Upgrade to electric actuation for the mower wings' transport lock.

✓ LIGHTING KIT WITH STORAGE BRACKET

LED road lights, safety triangle, and bracket for storage box.

✓ ROLLER SCRAPERS

Cleans rollers and reduces clumping in wet conditions.

✓ QUATTRO BLADES

Four blades (flat, upturned or mixed) per spindle for a finer cut.

✓ SERVICE KIT

Full set of blades, bolts and belts for a quick routine service.

✓ SERVICE STANDS

Lockable stands for safe underside access.

✓ STORAGE BOX

Easy access to spare parts and tools.

✓ TOOLBAG

Breaker bar, 24mm socket and extension bar for cut height adjustments.

WHAT'S NEW ON SNAKE S2

The Snake Series 2 includes the new Trimax LocTEK stubless roller bearing retention system. The roller thickness has been increased to 5mm. The Snake now features replaceable axle stubs, a 90-degree rotatable jack stand, and maintenance-free pivot bushes.

PRODUCT FEATURES.

LOCTEK

A stubless roller bearing system for vastly improved roller retention, alignment, bearing life and minimal maintenance.

FULL WIDTH ROLLERS

Full width rollers minimise scalping in undulating conditions and allow mowing over kerbsides and bunkers. Also aides in striping.

ZERO TURN

Allows continuous cutting while turning sharply for maximum productivity.

AUTOMATIC BELT TENSIONERS

Automatic belt tensioners eliminate the need for belt adjustments and improves drive to the spindles and blades.

QUIKLIFT

QuikLIFT enables decks to be raised slightly for traversing paths without the need to disengage the PTO. Also aides in striping.

ARTICULATION ABILITY

With three articulating decks the Snake has the ability to follow contours.

LAZERBLADEZ™

Available in uplift and flat formation to suit mowing requirements, the unique tilt forward design minimises hang back in tough conditions.

EASY HEIGHT ADJUSTMENT

Clearly displayed stainless steel height indicators allow the easy adjustment of cut heights without having to raise or lower the decks.

LOW MAINTENANCE

SteadFast sealed spindles have eliminated the tedious task of regular greasing. Snake Series 2 now also features maintenance free pivot bushes.

*OPTIONAL FEATURES.

✓ 5 YEAR EXTENDED WARRANTY

Increase the standard three-year warranty up to a five-year extended warranty for total peace of mind. T&C's apply.

✓ ANTI-BOUNCE / WEAR SKIDS

Eliminates scalping and bouncing and reduces side channel wear.

✓ ELECTRIC UNLOCK

Unlocks decks electronically from the tractor seat.

✓ MULTI LIFT SYSTEM

Five different lift functions for mower decks. Now with Drive Protect.

✓ MUDGUARDS, LIGHTS, & CHAINS

Add LED tail light clusters, safety chains, and transport wheel mudguards for increased safety during road transportation.

✓ MULCH KIT

Baffle system for mulching branches & leaves while mowing.

✓ NEXABLADES

Scientifically designed for high-end turf giving a superior cut and spread when it matters most.

✓ ROLLER SCRAPERS

Cleans rollers and reduces clumping in wet conditions.

✓ SERVICE KIT

Full set of blades, bolts and belts for a quick routine service.

✓ TOOLBAG

Breaker bar, 24mm socket and extension bar for cut height adjustments.

TRIMAX PEGASUS//S5

**STRONGER.
SMARTER.
SAFER.
SECOND TO NONE.**

TRIMAX PEGASUS//S5

The Trimax Pegasus sets the benchmark in wide area mowing for parks, reserves, airports, racecourses, sports fields, turf farms, and more.

For over 20 years, the Trimax Pegasus has been leading the way in wide-area mowing. Introduced in 2001 as the world's first multi-deck roller mower, the Pegasus is renowned for its robustness and versatility. Its fast spindle speeds and deep mowing decks deliver the highest quality cut and finish every time, and articulating decks provide a consistent cut over light to moderate contours.

The Pegasus S5 builds on the incredible strength, durability, versatility, and efficiency of the previous series to increase machine life and decrease downtime in full-time commercial applications.

WHAT'S NEW ON PEGASUS//S5

The Pegasus chassis and outrigger arms have been completely redesigned to increase strength without adding unnecessary weight. Larger wheels decrease ground pressure and support a wider range of tyre options. Maintenance-free features have been introduced.

PRODUCT FEATURES.

ROBUST CHASSIS

10% stronger under tough travel conditions, twice the durability in deck lifting and lowering, and a 60% increase in rigidity in the outrigger arms from Pegasus S4.

IMPACT PROTECTION

Outrigger arms and side channel leading edges have been redesigned for increased impact protection.

SUSPENSION

The new Pegasus S5 Flexiride Torque Suspension System is designed for increased strength and smoother travel at highway speeds.

LOW MAINTENANCE

Zero daily greasing for an 80% reduction in annual grease consumption. Spindles, roller bearings, and auto-belt tensioning are maintenance-free.

QUIKLIFT

Enables mower decks to be raised without disengaging the PTO to traverse driveways, footpaths and pavements. Now a standard inclusion for all Pegasus models.

HEIGHT ADJUSTMENT

Clearly displayed indicators in both metric and imperial units and a high-tensile 2mm pitch adjuster for precise cut height alterations.

TITAN ROLLER BEARING SYSTEM

The Trimax Titan roller bearing system is maintenance-free, requiring no regular greasing, and provides excellent retention.

SAFETY COMPLIANT

Complies with international safety standards and can be used with confidence on the roads and in public spaces.

STAND ON BELT COVERS

Provides safe and easy access to the chassis.

*OPTIONAL FEATURES.

- ✓ **5 YEAR EXTENDED WARRANTY**
Increase the standard three-year warranty up to a five-year extended warranty for total peace of mind. T&C's apply.
- ✓ **ANTI-BOUNCE / WEAR SKIDS**
Eliminates scalping and bouncing and reduces side channel wear.
- ✓ **ELECTRIC BRAKE KIT & BREAKAWAY**
Reduces braking force required by the tractor.
- ✓ **ELECTRIC UNLOCK**
Unlocks decks electronically from the tractor seat.
- ✓ **MULTI-LIFT SYSTEM**
Five different lift functions for mower decks. Now with Drive Protect.
- ✓ **NEXABLADES**
Scientifically designed for high-end turf giving a superior cut and spread when it matters most.
- ✓ **QUATTRO BLADE SYSTEM**
Four blades (flat, upturned or mixed) per spindle for a finer cut.
- ✓ **ROAD KIT**
Adds lights, signage, and beacons to the mower.
- ✓ **ROLLER SCRAPERS**
Cleans rollers and reduces clumping in wet conditions.
- ✓ **SPARE ROAD WHEEL & MOUNT**
Mounts a spare wheel to the rear mowing deck.
- ✓ **SERVICE KIT**
Full set of blades, bolts and belts for a quick routine service.
- ✓ **TOOLBOX & MOUNT**
Mounts a toolbox to the mower chassis.
- ✓ **TURF TYRES**
Distributes mower weight for less ground disturbance.
- ✓ **TURF MUDGUARDS**
Available for both road tyres and turf.

TRIMAX FLAILDEK FX

TRIMAX FLAILDEK FX

The Trimax FlailDek FX offers a high-performance alternative to standard factory-fitted rotary mowing attachments.

FlailDek FX has the ability to deliver an exceptionally clean cut and disperse clippings safely and is used by contractors, councils, schools and land owners around the world. A highly versatile mower, FlailDek FX is also able to mulch branches up to 25mm in diameter, mow high grass and using the unique converter flap is suitable for sports fields and other fine turf applications.

The FlailDek FX has been designed to have minimal maintenance requirements and a low total cost of ownership yet deliver maximum reliability.

TALK TO US TODAY ABOUT THE CAPABILITIES OF FLAILDEK FX IN YOUR ENVIRONMENT.

SPECIFICATIONS	135	155	185
Cutting Width	1.36m (4' 6")	1.52m (5')	1.83m (6')
Overall Width	1.56m (5' 1½")	1.72m (5' 8")	2.05m (6' 8½")
Overall Length	1.1m (3' 7")	1.1m (3' 7")	1.1m (3' 7")
Overall Height	0.37m (1' 2½")	0.37m (1' 2½")	0.37m (1' 2½")
Cut Height Range	20 - 100mm (¾" - 4")	20 - 100mm (¾" - 4")	20 - 100mm (¾" - 4")
Approx. Weight	210kg (460lbs)	225kg (495lbs)	250kg (550lbs)
Total Belts	2	2	2
No. of Flails	28	32	40
Hydraulic Drive	N/A	Optional	N/A
Min PTO Output	N/A	N/A	N/A

*Minimum PTO output is a guide only. Requirement varies with the type of work and the terrain

The FlailDek processes grass so much better than a Slasher, it mulches and doesn't leave any windrows and it goes into places a slasher can't. It's tough enough to mulch heavy vegetation such as blackberries and saplings.

- BRANDON PURTELL | Wodonga Golf Club, Wodonga QLD

KEY APPLICATIONS.

- ✓ Horticulture
- ✓ Municipalities
- ✓ Golf course roughs
- ✓ Racecourses
- ✓ Sports Fields
- ✓ Schools
- ✓ Aviation

WHAT'S NEW ON FLAILDEK FX

Strength and durability are increased from the original FlailDek design with the incorporation of a high tensile steel body, a 70% stronger rotor, a stronger gearbox, and forged steel Trimax Gamma Flails. The unique converter has also been added.

PRODUCT FEATURES.

UNIQUE CONVERTER

Superb short grass cutting ability by creating airflow that lifts grass before it's cut. Open converter for increased productivity in long grass environments.

REAR ROLLER

Full width rear roller prevents scalping, permits the edge of the mower to be run along kerbs, adds to overall safety and produces striping.

FRONT CASTOR WHEELS

Front castor wheels allow the FlailDek FX to follow ground contours independently from the tractor. The semi-pneumatic tyres are impossible to puncture.

*OPTIONAL FEATURES.

✓ SERVICE KIT

Full set of blades, bolts and belts for a quick routine service.

POWER SAVING FLAILS

Strong forged steel flail with an aerodynamic profile reduces hp requirements yet generates sufficient draught to lift grass for a clean cut.

WEAR RESISTANT SKIDS

Wear resistant trailing skids made from abrasion-resistant steel extends bearing life and enables high productivity in the most challenging environments.

NEW IMPROVED ROTOR

Dynamically balanced and designed for durability to withstand everyday use in the toughest mowing environments.

TRIMAX EZEEMOW/FX

TRIMAX FLAIL TECHNOLOGY FOR COMPACT TRACTORS.

TRIMAX EZEEMOW/FX

The EZEEMOW FX is the ideal partner for your compact tractor where versatility and robustness is needed.

With its compact dimension, Ezeemow FX can fit closely to the tractor and manoeuvre into tight corners. Able to mow anything from fine turf to small prunings, vegetation up to 25mm in diameter and high grass, the Ezeemow FX can transform areas into tidy mown lawn in a single pass. This versatility makes the Ezeemow FX ideal for contractors, councils, roadsides, estates, and orchard applications.

The Ezeemow FX has been designed to have minimal maintenance requirements and low total cost of ownership yet deliver maximum reliability.

TALK TO US TODAY ABOUT THE CAPABILITIES OF EZEEMOW FX IN YOUR ENVIRONMENT.

WHAT'S NEW ON EZEEMOW/FX

Strength and durability are increased from the original Ezeemow design with the incorporation of a high tensile steel body, a 70% stronger rotor, a stronger gearbox, and forged steel Trimax Gamma Flails. The unique converter, an improved belt tensioning system, and easy height adjustment on the full width roller have also been added.

PRODUCT FEATURES.

UNIQUE CONVERTER
Superb short grass cutting ability by creating airflow that lifts grass before it's cut. For work in heavy environments, lift converter for increased productivity.

SAFE CLIPPING DISPERSION
Safety is paramount when mowing in public areas. This is why Trimax has designed the Ezeemow FX to expel debris in a downward direction behind the mower.

POWER SAVING FLAILS
Strong forged steel flail with an aerodynamic profile reduces hp requirements yet generates sufficient draught to lift grass for a clean cut.

REAR ROLLER
Full width rear roller prevents scalping, permits the edge of the mower to be run along kerbs, adds to overall safety and produces striping.

NEW IMPROVED ROTOR
Dynamically balanced and designed for durability to withstand everyday use in the toughest mowing environments.

***RIGHT-HAND OFFSET**
Comes standard with a centre mount but is available in a right-hand offset to suit your specific mowing requirements.

EZEEMOW OFFSET DIAGRAM ONLY AVAILABLE IN FIXED CENTRE MOUNT OR OFFSET POSITIONS

WHAT'S DIFFERENT FROM THE WARLORD.

Strength and durability have been increased, including 50% thicker endplates and a newly designed rotor bearing assembly with over 35% higher load capacity than Trimax's previous flail mowers. Zero-maintenance features and a wider array of options have also been introduced.

INDUSTRY LEADING WARRANTY

3
YEAR

INCLUDES SPINDLES & GEARBOXES
EXPERIENCED SERVICE & SUPPORT NETWORK
* T & Cs APPLY

PRODUCT FEATURES.

MOW AND MULCH WITH ONE MACHINE
Mow grass to a fine finish and mulch prunings up to 90mm in diameter with one machine.

REPLACEABLE INTERNAL LINER
A 6mm replaceable internal liner reduces noise and increases durability in the mower's high-impact zones.

LOW MAINTENANCE
Easily accessible grease locations and maintenance-free features make regular service quicker and easier than ever.

DISCHARGE CONTROL
The coarseness of mulch can be controlled by adjusting the height of the rear flap.

OFFSET CAPABILITIES
The Force can come with a left- or right-hand offset with an additional 500mm of hydraulic side shift. Available on the 175, 205, and 235 models.

MAINTENANCE-FREE ROLLER BEARINGS
New highly-rated sealed roller bearing stacks require no regular greasing.

AUTO BELT TENSIONING
The belt system is equipped with automatic tensioners to optimize the belt drive to the rotor without requiring manual adjustments.

SMOOTH EXTERNAL PROFILE
New internal rotor bearings create a smooth external profile and provide a closer cut around obstacles.

HEAVY-DUTY SKIDS
Heavy-duty wear skids on the mower trailing arms prolong mower life in demanding terrain and are easily removed or replaced.

*OPTIONAL FEATURES.

- ✓ **HEAVY DUTY LINER**
Increases durability in the mower's high impact zone.
- ✓ **HEAVY DUTY ROLLER**
Increases roller wall thickness from 5mm to 11mm.
- ✓ **HYDRAULIC SIDE SHIFT**
Position directly behind the tractor or quickly offset by up to 500mm (19") for easy transport and increased maneuverability. (Available only for 175, 205, and 235.)
- ✓ **MULCHING COUNTERBLADES**
Produces an ultra-fine mulch.
- ✓ **PRUNING RAKES**
Collects prunings into the cutting chamber.
- ✓ **LIGHTING KIT WITH STORAGE BRACKET**
LED road lights, safety triangle, and bracket for storage box.
- ✓ **STORAGE BOX**
Easy access to spare parts and tools.

TRIMAX WARLORD S3

YOUR ALL-PURPOSE
WORKING COMPANION.

TRIMAX WARLORD S3

Extremely versatile, the Trimax WARLORD S3 is bound to dominate any environment you put it in – handling long and short grass, prunings up to 75mm in diameter, turf ribbons and offcuts with ease.

Tame rough patches full of scrub and branches in one pass and leave behind a field of evenly distributed mulch and clippings. Control the coarseness of discharge with Warlord's adjustable rear flap while safely dispersing clippings. The Trimax Warlord is tough and durable, requiring minimal maintenance and simplifying repairs to keep your machine running for years. Spend less time and money keeping your mower operating at 100%.

The Trimax Warlord S3 is a medium duty mower/mulcher suitable for a wide range of applications including sod and turf farming, horticulture, passive turf management, contracting/hire, and land reclamation.

TALK TO US TODAY ABOUT THE CAPABILITIES OF
WARLORD SERIES 3 IN YOUR ENVIRONMENT.

"We do a lot of roadside work for councils, shires and local government. We use the Warlord where it's too tough for other machines, from my past experience it stands head and shoulders above the rest."

WHAT'S NEW ON WARLORD S3

The hydraulic side shift and discharge control capabilities are new from the previous Warlord series, further increasing the versatility of the machine.

PRODUCT FEATURES.

HYDRAULIC SIDE SHIFT

The Warlord can be quickly offset to the left or right by up to 500mm. Perfect for transport and manoeuvring around obstacles whilst mowing.

DISCHARGE CONTROL

Fine mulch is produced with the flap in the lowest position. Controlling discharge assists with safety in public spaces. Lift flap open for easy flail servicing.

PRUNING GUIDE

Helps direct prunings in and under the mower. Also helps keep debris away from the hydraulic system.

REPLACEABLE INTERNAL LINER

A bolt-in 6mm replaceable internal liner increases the life of the body, minimises damage and reduces noise.

HEAVY DUTY ROLLER

A robust roller with 8.5mm-thick walls to handle tough applications.

REPLACEABLE SKIDS

Skids on Warlord trailing arms prolong mower life in demanding terrain and can be replaced when required.

*LEFT HAND OFFSET

Warlord comes standard with left hand offset for increased visibility.

*OPTIONAL FEATURES.

✓ SERVICE KIT

Full set of blades, bolts and belts for a quick routine service.

OPTIONAL PRODUCT FEATURES.

ROTARY MOWERS.

✓ **5 YEAR EXTENDED WARRANTY**
Increase the standard three-year warranty up to a five-year extended warranty for total peace of mind. T&C's apply.

✓ **ELECTRIC UNLOCK**
Replaces the standard in-cab transport lock release rope with an electric actuator. This is operated by a push button remote.

✓ **MUDGUARDS, WITH LIGHTS & CHAINS**
Roadside operations or road travel between operation sites.

✓ **NEXABLADES**
Scientifically designed for high-end turf giving a superior cut & spread.

✓ **ROLLER SCRAPERS**
Keeping rollers clean from wet grass clippings or worm cast.

✓ **STORAGE BOX**
Keeping tools and parts on hand for quick adjustments.

✓ **TURF MUD GUARDS**
Available for both road tyres and turf tyres.

✓ **ANTI-BOUNCE/ ANTI-WEAR SKIDS**
Increasing mowing speed while maintaining excellent presentation; protecting side channels in high-wear applications.

✓ **FRONT MOUNT**
Increased visibility during operation. Suitable for tractors with front PTO drive only.

✓ **MULCH KIT**
Baffle system for mulching branches & leaves while mowing.

✓ **QUATTRO BLADES**
Achieving excellent presentation and grass health with more cuts per metre.

✓ **SERVICE KIT**
Keeping parts on hand for quick routine service.

✓ **TOOLBAG**
Easy height adjustment in the field.

✓ **TURF TYRES**
Decreasing mower impact on turf through tread pattern and width; ideal when mower stays at a single site.

✓ **ELECTRIC BRAKES**
Roadside operations or road travel between operation sites.

✓ **LIGHTING KIT & STORAGE BRACKET**
Mounting kit with storage bracket, reflector triangle & lights.

✓ **MULTI-LIFT SYSTEM WITH DRIVE PROTECT**
Complete mowing deck control for areas with varied clearance widths.

✓ **ROAD KIT**
Adds lights, signage, and beacons to the mower.

✓ **SPARE WHEEL & MOUNT**
Mounts a spare wheel to the rear mowing deck.

✓ **TOOLBOX & MOUNT**
Mounts a toolbox to the mower chassis.

Trimax Mowing Systems UK Facility - Northampton, UK

DESIGNED IN NEW ZEALAND. MANUFACTURED IN THE UK.

OVER 75% OF TRIMAX MOWERS FOR EUROPEAN AND UK CUSTOMERS ARE BUILT IN THE UK.

As the leading supplier of mowers to local authorities and contractors, many customers now have a fleet of multiple Trimax mowers, confident in a brand that they know will not let them down.

Our Northampton facility, established in 2015, is equipped to build over 75% of the market-leading Trimax range in the UK.

We are proud to build on our local sourcing and manufacturing efforts to strengthen our ability to supply quickly and meet customer expectations.

Trimax Global Headquarters - Tauranga, New Zealand

FLAIL MOWERS.

✓ **FRONT MOUNT**
Increased visibility during operation. Suitable for tractors with front PTO drive only.

✓ **HYDRAULIC SIDE SHIFT**
Position directly behind the tractor or quickly offset for easy transport and increased maneuverability.

✓ **OFFSET**
Machine is offset to increase over-the-shoulder visibility

✓ **SERVICE KIT**
Keeping parts on hand for quick routine service.

✓ **HEAVY DUTY LINER**
Increase the life of your replaceable internal liner by three times with a heavy-duty internal liner, suitable for high-wear applications.

✓ **LIGHTING KIT & STORAGE BRACKET**
Mounting kit with storage bracket, reflector triangle & lights.

✓ **PRUNING RAKES**
Collects prunings into the cutting chamber for more efficient mulching.

✓ **STORAGE BOX**
Keeping tools and parts on hand for quick adjustments.

✓ **HEAVY DUTY ROLLER**
Upgrade from the 5mm thick roller to a roller with 11mm wall thickness. Suitable for more demanding applications.

✓ **MULCHING COUNTERBLADES**
An internal liner with built-in blades for extra material processing. Can produce ultra-fine mulch.

✓ **SAFETY DISPERSION GUARD**
The Safety Dispersion Guard ensures that debris exits the cutting chamber safely.
